Reem Alsalem  
Special Rapporteur on violence against women and girls, its  
causes and consequences

Dear Ms. Alsalem:

The Board of LAZ reloaded has been impressed by your intervention for women's rights before the Scotland Government Equality Committee on 19 December, 2022, and your written statement dated 29 November, 2022 (Ref.: OL GBR 14/2022).

We would like to thank you for this and encourage you to continue further on this path.

Attached please find parts of our opinion on the recently published key points of the German Federal Government on the future "Self-ID law".

In case you have further questions on the issue, we would be delighted to assist you.

Yours sincerely,  
Gunda Schumann  
Member of the Board
